Cookies Policy

Introduction

EU regulations require us to get consent from you, the visitor, to use cookies. We use cookies to enable you to use our website effectively – e.g. to register and download documents and to distinguish you from other visitors – as well as to support us in managing our business – e.g. by analyzing visitor movements to see what interests them and help us improve the website.

We therefore hope you do consent to our use of cookies as otherwise, you will not be able to use our site satisfactorily and we do not want that. By continuing to browse our site we will assume that you consent to our use of cookies and we will ask for your formal consent when you register or download a document.

What are cookies?

Cookies are small text files that are placed on your computer by websites that you visit. They are widely used in order to make websites work, or work more efficiently, as well as to provide information to the owners of the site.

What cookies are used by Tamar Telecommunications?

There are 3 types of cookies used on our website:

First Party Cookies

These cookies are used by us to provide a modern and comprehensive user experience. For example, if you are logged in, you can move around the site without having to log in on each page, and we will remember you when you return to the site. Or if you come to our site via a link from one of our partners' sites, the cookie will enable you to take advantage of a special offer that the partner has arranged.

Third Party Analytical Cookies

These are set by our analytics partner – Google who give us statistics on site visitor numbers etc.

Cookies Set by Integrated Sites

Accepting Cookies

Your continued use of this site is taken as indication of your consent to the use of cookies.

What if you do not accept cookies?

You will not be able to use the site properly nor will you be able to download any documents or data.

Most browsers allow you to control your cookie preferences. For details for your browser click the relevant link:
